Description	
<i>Provide a short description of the event and its activities.</i>	
<p>On August 26th 2022, delegations met in Lendava's Town Hall for a three-hour workshop to discuss projects in the field of tourism. The participating towns introduced their recent, current and future tourism projects in several languages, while experts (urban planners, architects, project managers) introduced cases of good practice on local as well as EU level from a strictly professional point of</p>	

view. We learned what and how things are being done in each of the participating countries and discussed cooperation options (e.g. in the field of sports tourism, student and athlete exchange from Hungary and the Czech Republic - our new sports hall, which is currently still under construction, will be very important in this matter).

On August 27th our guests were also introduced to local gastronomy, wines and attractions, such as the Lutheran Church, the Lendava Synagogue, the House of Culture, the Vinarium observation tower, the Vinarium Zipline and the mummy of Mihael Hadik, a famous general who protected Lendava from the Turks and whose remains were preserved in a glass casket and put on display in the Chapel of the Holy Trinity.

On the last day the guests could try our local specialties and took a walk down the Main Streets of the Guinness World Capital of Bogač.(Bograc Fest)

During the workshop, we exchanged good practices and knowledge and talked about the potential of the participating countries in the field of tourism. We also introduced our domestic and EU projects in a Power Point presentation. In the near future, we could jointly apply for EU tenders and get an opportunity to cooperate with foreign sports and youth associations, as well as organize events in Lendava's new sports and recreation hall.
